## PUBLIC HEALTH COMMITTEE

## (Partial Agreement)

---

RESOLUTION AP-CSP (01) 6

*(adopted by the Public Health Committee (Partial Agreement) (CD-P-SP) on 7 January 2002)*

The Public Health Committee (Partial Agreement) (CD-P-SP) consisting, for the purposes of the Convention on the Elaboration of a European Pharmacopoeia, of delegations appointed by the Parties to the said convention, namely the delegations of Austria, Belgium, Bosnia-Herzegovina, Croatia, Cyprus, the Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, « the Former Yugoslav Republic of Macedonia », Turkey, the United Kingdom of Great Britain and Northern Ireland, Yugoslavia and the European Community,

Considering that, under Article 1 of the Convention, the parties have undertaken progressively to elaborate a Pharmacopoeia which shall be common to the countries concerned and which shall be entitled « European Pharmacopoeia », and to take the necessary measures to ensure that the monographs constituting the European Pharmacopoeia shall become official standards applicable within their respective countries;

Having regard to Article 4, paragraph 3, of the Convention, which makes the Public Health Committee responsible for fixing the time-limits within which decisions of a technical character relating to the European Pharmacopoeia shall be implemented within the territories of the respective Parties;

Having regard to the recommendation adopted on 22 November 2001 by the European Pharmacopoeia Commission, in accordance with the provision of Article 6, paragraph d of the Convention, which concerns the fixing of the date on which the monographs *Corticotropin* (0759*)* and *Human fibrinogen, iodinated ($^{125}I$)* as well as the Method of analysis *Assay of corticotropin* (2.7.3) shall cease to form part of the *European Pharmacopoeia*,

Resolves to set at 1 January 2003 the date on which the monographs *Corticotropin* (0759*)* and *Human fibrinogen, iodinated ($^{125}I$)* as well as the Method of analysis *Assay of corticotropin* (2.7.3) shall cease to form part of the *European Pharmacopoeia.*
