

<b>Draft monographs for comment</b>	<b>331</b>	<b>Official Announcement - Rapid Implementation -</b>	<b>407</b>
Adenosine	332	Sterility 2.6.1	407
Alprostadil	351	Refractive index 2.2.6	407
Ambroxol hydrochloride	343	<b>International Harmonisation</b>	<b>413</b>
Calcium lactate trihydrate	373	Crospovidone	413
Caraway oil	369	Identification reactions for ions and groups (part 2)	416
Carbachol	331	Microbiological examination of non-sterile product; test for total viable aerobic count: comparison of Ph.Eur., JP, USP methods	418
Castor oil	336	Contents of USP Forum (Vol. 24, No. 4)	448
Castor oil, hydrogenated	338	Contents of JP Forum (Vol. 7, No. 3)	449
Centella	374	<b>Certification of Conformity of the Monographs of the Ph. Eur.</b>	
Clotrimazole	341	Certificates issued by the EDQM	450
Copovidone	387	<b>General Information</b>	462
Disintegration test for large tablets and large capsules	361	Glacial acetic acid/Anhydrous acetic acid	462
Disodium phosphate, anhydrous	335	Conditions of sale of CRS	463
Friability of granules	362	List of CRS adopted (June 1998)	464
Gas chromatography	400	Prepublication brochure - order form	465
Glucagon human rDNA	366	List of texts adopted (June 1998)	466
Hepatitis A vaccine (inactivated, adsorbed)	345	<b>Readers' Tribune</b>	468
Homeopathic preparations : Mercury	395	Issues Relating to the Establishment of Validation Guidelines for Material Identification using NIR	468
Ipecacuanha dry extract, standardised	380	<b>International Conferences</b>	471
Ipecacuanha tincture, standardised	381	General monographs on dosage forms and pharmaco-technological test methods	
Isomalt	403	<b>Seville, Spain, 26-27 October 1998</b>	471
Liquid chromatography	396	Biologicals beyond 2000: challenges in an evolving field	
Liquorice liquid extract, standardised	386	<b>Strasbourg, France, 27-28 Septembre 1999</b>	479
Magnesium peroxide	334	<b>Scientific Notes</b>	<b>480</b>
Matricaria liquid extract	382	A simple method to establish the vulnerability of "hydrophobic" aqueous dermatological emulsions to potential microbial contamination	480
Matricaria oil	384	Counterfeit medicines and the European Pharmacopoeia: Somatropin - a case study	483
Mesalazine	393	<b>National Pharmacopoeia Authorities</b>	
Methenamine	336		
Octoxinol 10	339		
Povidone	389		
Sage leaf, three-lobed	368		
Simvastatin	363		
Sodium alendronate	350		
Sodium starch glycolate (type C)	348		
Stanozolol	362		
Ticlopidine hydrochloride	376		
Total organic carbon (2.2.—)	342		
Uniformity of delivered doses from multi-dose containers	361		
Valerian root	371		
Wool fat (pesticides)	356
