

## Round table topics

---

---

---

---

---

---

---

## Rapid/modern methods: do we need them in EP?

- Specific methods
- General chapter on validation
- Process analytical technology
- Rapid identification of bacteria and fungi
- Can we introduce proprietary methods in EP?

---

---

---

---

---

---

---

## Culture media

- Adaptation of formulae
- Specific media in EP (chromogenic etc)
- Who is responsible for what (supplier/user)?

---

---

---

---

---

---

---

Mycoplasma PCR

---

---

---

---

---

---

---

Microbiological quality of  
herbals

---

---

---

---

---

---

---

Biological indicators

- harmonisation

---
