

## Projected Timetable for Publication and Implementation of Texts Signed-Off by the Pharmacopoeial Discussion Group (PDG)

Effective harmonisation of monographs and general chapters requires that texts signed-off by the PDG be published and implemented by all three pharmacopoeias. This process of adoption and implementation takes place according to the particular procedure of each pharmacopoeia. The table below shows the projected timetable for publication and implementation of all signed-off texts, based on information provided by each pharmacopoeia.
