
Useful Information

Electronic Version of the European Pharmacopoeia

USB stick

- Ability to run the European Pharmacopoeia application directly from any computer's USB drive with no installation (after a one-time licensing of the USB stick on the EDQM website).
- Possibility to install the application onto the hard drive of 2 computers.

Technical requirements:

Operating system: Windows XP / Vista / 7;

Browser: Internet Explorer 6.0 or higher / Firefox 2.0 or higher, with cookies enabled;

Microsoft .Net Framework 2.0 or higher;

RAM: 512MB.

Online

- Access via the internet to the European Pharmacopoeia.
- One licence gives access from 2 registered computers.

Technical requirements:

Computer with access to the internet;

Windows 2000 / XP / Vista / 2003 / 7 (Mac and Linux possible on request);

Browser: Internet Explorer 5.5 or higher / Firefox 2.0 or higher;

Installation of Safeview (ActiveX for IE browsers and plugin for Gecko-based browsers).

Features common to the electronic versions

- The electronic versions are completely cumulative, containing all texts of the European Pharmacopoeia.
- The electronic versions are fully searchable and contain hyperlinks between texts as well as links via the internet to the online Knowledge database and chemical reference standards database.
- Each text is available in an Acrobat PDF version, identical in format to the book version.

Spanish online version

The Spanish online version now contains all of the 6th Edition texts. These texts are available to subscribers to the current online version of the European Pharmacopoeia. Translation of the 7th Edition into Spanish is currently underway.

Archives

Archives are available to all European Pharmacopoeia subscribers with an up-to-date subscription (paper, online or USB).

PRICES: SEE THE CATALOGUE ON OUR WEBSITE <https://www.edqm.eu/store>

Our prices are indicated in EUR but we accept payments in national currencies.
