

# 12th Edition European Pharmacopoeia

Science-based standards for quality medicines

## New online platform

The launch of the 12th Edition of the European Pharmacopoeia (Ph. Eur.) marks the beginning of a new, online era in European pharmacopoeial standards.

Consult the Ph. Eur. texts you need on a redesigned, user-friendly platform launched alongside the 12th Edition. In the new publication cycle, each edition comprises three issues published over a 12-month period (e.g. 12.1, 12.2, 12.3), available at <https://go.edqm.eu/PhEurOnline>.

The new Ph. Eur. platform features:

- ▶ access to all texts currently in force and texts published since volume 11.0;
- ▶ a text-status traffic light system (green for "in force", orange for "not yet in force" and red for "no longer in force");
- ▶ in-text menus to navigate between different versions;
- ▶ improved filter functions, predefined searches and updated result displays;
- ▶ access to the archives and to complementary information in the [Knowledge database](#).

## New 365-day licence

The new Ph. Eur. 365-day licence offers a year's access to the Ph. Eur. Online platform from the date of activation of a licence key (EPID). Features include:

- ▶ counters displaying the number of remaining seats and days left on the licence;
- ▶ the option to renew your licence and automatically re-assign access to users;
- ▶ automatic e-mail reminders before expiry.

The fully bilingual (English and French) Ph. Eur. website is compatible with recent versions of Chrome, Edge, Firefox and Safari.

## Prices and offers

### ▶ Individual licence: €650

Special discounts are available for simultaneous purchases of more than one individual license – details below.

### ▶ University licence: €300\*
