

Keeping up with Reality and Quality: A Challenge for European Blood Establishments

Technical support in health sector reform

27-29 October 2020

What we do

DG REFORM helps EU Member States carry out reforms to stimulate job creation and sustainable growth.

Technical Support Instrument (TSI) offers technical support for design and implementation of structural reforms

- **For all EU Member States** based on requests
- Around **1000 projects** in **27 Member States**
- Addressing a **wide range of reform areas**
- Covering **entire life cycle of the reforms**
- **Tailor-made support**
- **No co-financing** requirement

Context: The Technical Support Instrument (TSI)

- Part of the MFF 2021-2027 and the Recovery Plan for Europe
- Important vehicle allowing for better delivery of other EU instruments, like the Recovery and Resilience Facility
- Compared with SRSP, TSI has a higher budget – about **EUR 864 million** for 7 years, **EUR 120 million/year**
- **Proposal under negotiation** (European Parliament, Council) but there a political agreement on the tool
- We launched the discussion with MS

Governance and public administration	Revenue administration, public financial management	Growth and business environment	Labour market, education, health and social services	Financial sector and access to finance
<ul style="list-style-type: none"> • Anti-corruption & anti-fraud strategies • Better regulation • Central & local administration • Digital public administration • Governance & IT function • Management of human resources • Judicial reform 	<ul style="list-style-type: none"> • Administration of revenues • Aggressive tax planning • Budget preparation & implementation • Customs Union • Debt & cash management • Expenditure policy • Macro-fiscal framework • Public sector accounting • Public finances oversight • Tax compliance • Tax policy 	<ul style="list-style-type: none"> • Better regulation, licensing and inspections • Climate • Competition and consumer policy • Digital economy, research and innovation • Energy • Environment and natural resources • Foreign investment and trade • Investment management, PPPs and state-owned enterprises • Just transition • SMEs, tourism and other sectors • Transport and mobility 	<ul style="list-style-type: none"> • Access to long-term care • Digital health • Equity and inclusive education • Higher education and research • Labour market policies & governance • Migration and border management • Public health • Resilience of health care systems • School policy • Social protection • Social services • Upskilling of adults • Vocational education and training 	<ul style="list-style-type: none"> • Anti-money-laundering • Banks • Capital markets • Crisis management • Financial literacy • Green Finance • Insolvency • Insurance undertakings & pensions

Since 2017, 151 technical support requests and 63 support projects

Timeline

Spring – early autumn 2020
Preparatory work on priority requests

Nov – Dec 2020
Analysis and selection of requests

As of Spring 2021
Projects launched on the ground

- Strategic discussions on **reform priorities**
- **Drafting of request** by beneficiary Ministry(ies)
- **Informal discussion with DG REFORM**
- Beneficiary Ministry(ies) submit the **request(s) to Coordinating Authority**
- Coordinating Authority **prioritises** the requests

31 Oct 2020
Deadline for submission of requests (DG REFORM portal)

Feb 2021
Annual Work Programme and Cooperation and Support Plans

Step towards the Reorganization of the Romanian BTS

The project in brief ...

Outcome 1: The Romanian MoH agrees on and adopts the proposals for reforming the Romanian Blood System

- ✓ Proposals for restructuring the RBS

Outcome 2: The Romanian MoH agrees on and adopts the implementation action plan on how to reform the Romanian Blood System

- ✓ Proposals for an IT system covering the entire vein-to-vein process of the Romanian blood transfusion service
- ✓ Investment plan to carry-out the reform
- ✓ Plans of action for the Blood services and Regulatory oversight.

Outcome 3: The Romanian MoH agrees on and adopts the implementation action plan for developing training programmes

- ✓ Mapping of staff, their responsibilities and required education and training per sector and actions on setting up the necessary trainings

Thank you
