## EDQM NEW ORDER CONFIRMATION – How to read it

**New:** the below table groups items depending on their **Shipping groups**. The list of items under the same shipping group are sent together if items are available and/or the required documents have been received.

The table shows how the order is divided into different parcels and if they are delivered to your premises or at the airport.

ORDER CONFIRMATION No. 273465 (rev. 1)

Date: 02.12.2021

### Shipments summary

Your order will be split according to our Shipping groups and the Estimated shipping date. Items with the same estimated shipping date and within the same shipping group will be dispatched together. However, items On hold are waiting for information/documentation from your side and they will be sent separately if we do not receive your answer within 24 hours from dispatch of this order confirmation (see item lines and/or Comments box). Items Waiting for import/export licence will be sent upon reception of the required documents.
