LIST OF RESELLERS KNOWN TO EDQM

For the convenience of customers outside the European Union, the EDQM is able to provide a list of organisations or companies known to re-sell EDQM products. Customers are free to buy via one of these re-sellers or with the EDQM directly, although in certain regions/countries you may find easier for customs purposes to deal with a re-seller, especially for small value orders. The EDQM products distributed by the re-sellers as well as the list of the countries they export to are listed below their address.

This list is not exhaustive and does not confer the status of “authorised distributor”. The EDQM cannot provide specific guarantee on any product purchased via a re-seller.
