

European Pharmacopoeia 10th Edition

Publication schedule and general information

The 10th Edition (including Supplement 10.1) contains 2425 monographs (including dosage forms), 373 general texts (including general monographs and methods of analysis) and about 2780 descriptions of reagents.

Commission Sessions		Edition/ Supplement	Publication schedule	Corrections to be taken into account as soon as possible and not later than	Implementation date
Session No.	Date				
162	November 2018	10th Edition*	July 2019	31 August 2019	1 January 2020
163	March 2019	10.1	October 2019	30 November 2019	1 April 2020
164	June 2019	10.2	January 2020	29 February 2020	1 July 2020
165	November 2019	10.3	July 2020	31 August 2020	1 January 2021
166	March 2020	10.4*	October 2020	30 November 2020	1 April 2021
167	June 2020	10.5	January 2021	28 February 2021	1 July 2021
168	November 2020	10.6	July 2021	31 August 2021	1 January 2022
169	March 2021	10.7*	October 2021	30 November 2021	1 April 2022
170	June 2021	10.8	January 2022	28 February 2022	1 July 2022
171	November 2021	11th Edition*	July 2022	31 August 2022	1 January 2023

* The print version includes a cumulative list of reagents.

The **printed** supplements are **not cumulative** and are to be kept for the duration of the 10th Edition. **As of the 10th Edition all modifications to texts are indicated by a line in the margin:** a vertical line indicates where part of a text has been revised or corrected; a horizontal line indicates where part of a text has been deleted.

The **electronic** supplements are **cumulative**. **Green triangles** indicate where part of a text has been modified, while **scissors** indicate where part of a text has been deleted.

For further information, consult the Key to monographs ([print](#) and [electronic](#) versions).

Each new edition or supplement of the European Pharmacopoeia is usually published 6 months before its implementation date.

Corrections are to be taken into account as soon as possible after publication and not later than the end of the month following the month of publication (see the publication schedule above).

Individual copies of texts will not be supplied.

With each publication of a new edition or supplement, information concerning the technical modifications that were made to revised texts is available under 'Useful information' in [Pharmeuropa Online](#).

Information on the main modifications made to each text since the 5th Edition of the European Pharmacopoeia is available in the [Knowledge](#) database, via the '*History*' link.

This information completes the modifications indicated by lines in the margin in the print version and green triangles in the electronic version, but is not necessarily exhaustive.

For certain texts, additional information may also be available in the [Knowledge](#) database via the '*Additional information*' and '*Practical information*' links.

A list of new reagents published during the course of the 10th Edition is available under 'Useful information' in [Pharmeuropa Online](#).

Subscribers to the current version (print or electronic) of the European Pharmacopoeia have access to an online **archive version** of all previous editions of the European Pharmacopoeia.

Subscribers to the print version can obtain further information on a text (e.g. the [Knowledge](#) database) via the barcode at the top of each text (requires a smartphone/tablet with a camera and a barcode reader app).

For ordering or prices, see [EDQM store](#).
