Send your order once, by Internet, Email or post. You will be held financially responsible for any duplicates received and processed.

Please ensure your order clearly indicates:

- **the invoicing address** including the company name, post code, town, country and telephone number. The invoice and the delivery address must be both within the EU or both outside the EU. We cannot accept an invoice address within the EU and a delivery address outside the EU or vice versa;

- **the contact person for invoicing and for delivery**, including their name, telephone number, fax number and email address (an email address is required for order confirmation and shipping notification purposes);
- **the company V.A.T.** registration number (mandatory within the European Union)
- your **order reference**;
- the **name, catalogue code & quantity** (in number of sales units for reference standards) for each item you wish to order.

Notes concerning reference standards

- One unit of a reference standard may include several vials/ampoules (see *Sales unit* in our online database <http://crs.edqm.eu>). Please always order in sales units and not in total number of vials.
- **Although you will receive one order confirmation per order, your order may be split into several shipments depending on the type of substance (CRS/BRP, ISA, ICRS) and dispatching condition (room temperature, ice, dangerous, controlled, etc.). A separate invoice will be generated for each shipment.**

Notes concerning publications

Free publications are identified on the webstore www.edqm.eu/store and on <https://register.edqm.eu/freepub>. You shall provide an email address to download a free publication from the Free publications site.

PRICES

Prices are given exclusive of duties and tax. It is your responsibility to contact your national fiscal or customs authorities to pay any duties and taxes due.

REFERENCE STANDARDS

You can consult our online databases:

- For [CRS/BRP](#)
- For [ISA](#)
- For [ICRS](#)

We do not grant any discount on Reference Standards.

Order handling charges

We will charge 2.50€ per sales unit ordered regardless of geographical zone of dispatch or type of product ordered. These handling charges do not apply to reference spectra.

PUBLICATIONS

Details on prices for each product can be found on <https://www.edqm.eu/store> (click on *Catalogue*). Booksellers receive an additional discount to the above prices. This discount is applied automatically to all orders. For online orders, the discount is only applied when you validate. Should this discount be missing, please contact us via our [Helpdesk](#).

Order handling charges

Regardless of geographical zone of dispatch, we will charge 20€ per volume and 60€ per subscription. These charges do not apply to online orders placed on our webstore.

AVAILABILITY

REFERENCE STANDARDS

You can consult our online databases:

- For [CRS/BRP](#). Reference standards are generally available at the time of publication of the related monograph in the European Pharmacopoeia or, at the very latest, when the monograph comes into force.
- For [ISA](#)
- For [ICRS](#)

We reserve the right to limit the purchase quantities of a reference standard (i.e. 1 unit every 30/90 days) where stock levels are low so as many purchasers as possible will receive at least some of the limited quantities. Despite our best efforts, we may exceptionally run out of stock or have a delay in the availability of a recently established reference standard.

Order & Dispatch of EDQM products

Unavailability

If, for any reason, an item is unavailable when you place your order, we will create a back-order (except for products in limited quantities and some exceptional cases). We will automatically ship any back order that becomes available.

Unavailable items are mentioned on the order confirmation. Their estimated availability date will be shown in the "Estimated availability" column.

PUBLICATIONS

10th Edition publication schedule available [here](#).

All other publications are available unless otherwise indicated on our webstore <https://www.edqm.eu/store>.

You can order an EDQM publication which is not yet available. However, you will be invoiced as soon as we process your order and our credit terms will apply (payment within 30 days end of the month). As soon as the item is published we will send it to you.

ORDER HANDLING

Order Confirmation

Your order is normally registered within 2-3 working days. Once your order has been processed, we will acknowledge it by emailing you an order confirmation. The order is then dispatched subject to receiving all necessary documentation and authorisation that may be required.

Queries/Incomplete orders

If we have any queries regarding your order or we need additional documentation to complete your request, we will register your order and then contact you by email or via our order confirmation. Therefore, please carefully read the texts in the comment box and on each article line of the order confirmation. When replying to us, please quote the reference given. The order will remain in our database for one month. However if the EDQM does not receive a reply within one month, it will be cancelled.

Problems linked to customer account

If an account is blocked due to unpaid invoices or if the credit terms are exceeded, no new orders will be processed. Our Accounts Payable Section will contact you in order to solve this issue. Only once the account is settled we will process the outstanding orders.

Lost orders

If within 5 working days you have not received your order confirmation, please contact us via the HelpDesk. Please do not send duplicates of your orders without clearly mentioning it is a copy/duplicate. Otherwise, it may be processed as a new order and you will be financially responsible for the duplication.

CANCELLING OR MODIFYING YOUR ORDER

If you need to amend or cancel your order, please send an email immediately (and no later than 24 hours

after we have sent the order confirmation) to orders@edqm.eu. Please include in the subject line of your message our EDQM order reference number (as indicated in our order confirmation).

QUOTATION

REFERENCE STANDARDS

You can ask for a quotation via our webstore: www.rsform.edqm.eu.

Requests will normally be processed within 5 working days.

PUBLICATIONS

You can generate a quotation for all publications via our online Store <https://www.edqm.eu/store>.

To benefit from free handling charges (only proposed on the web), quotation issued via the store must be transformed into a formal order from the store itself.

The EDQM does not provide additional quotations, unless under exceptional circumstances.

PROFORMA INVOICE

Proforma invoices are exceptionally issued in the following cases:

- pre-payment required by the EDQM,
- requests to satisfy local regulations.

In this last case, please send us your official order and add a note to it to indicate that you need a proforma. If the order should not be dispatched before we receive your green light, please clearly mention it on your order.

2. DISPATCH

You are responsible for the cost of import customs clearance, for paying the duties and taxes required in the country of import and for unloading the goods.

In no event, shall the EDQM be held responsible for any deterioration of the goods, due to their delayed delivery by the courier.

Only the EDQM has the right to choose the shipping services used to dispatch EDQM items. You will not be able to provide your shipping import account number to pay shipping charges nor pick up the order directly.

Regulatory Procedures and SH/NDP (harmonised system nomenclature for customs clearance of goods): in the event of special requirements in your country, you shall obtain the import authorisations and resolve any regulatory matters before the goods are ordered and shipped.

You shall be personally responsible for the tariff classification in the country of import and will assume the ensuing regulatory, fiscal, health and safety obligations.
