Please ensure your order clearly indicates:

- the full delivery address (if different). This must be a street address, we cannot deliver to a P.O. Box. Please note that publication issues will be sent to bookseller directly and not to the end user;
- the contact person for invoicing and for delivery, including their name, telephone number, fax number and email address (an email address is required for order confirmation and shipping notification purposes);
- the company V.A.T. registration number (mandatory within the European Union)
- your order reference;
- the name, catalogue code & quantity (in number of sales units for reference standards) for each item you wish to order.

Notes concerning reference standards
- One unit of a reference standard may include several vials/ampoules (see Sales unit in our online database http://crs.edqm.eu). Please always order in sales units and not in total number of vials.
- Although you will receive one order confirmation per order, your order may be split into several shipments depending on the type of substance (CRS/BRP, ISA, ICRS) and dispatching condition (room temperature, ice, dangerous, controlled, etc.). A separate invoice will be generated for each shipment.

Notes concerning publications
Free publications are identified on the webstore www.edqm.eu/store and on https://register.edqm.eu/freepub. You shall provide an email address to download a free publication from the Free publications site.

PRICES
Prices are given exclusive of duties and tax. It is your responsibility to contact your national fiscal or customs authorities to pay any duties and taxes due.

REFERENCE STANDARDS
You can consult our online databases:
- For CRS/BRP
- For ISA
- For ICRS
We do not grant any discount on Reference Standards.

Order handling charges
We will charge 2.50€ per sales unit ordered regardless of geographical zone of dispatch or type of product ordered. These handling charges do not apply to reference spectra.

PUBLICATIONS
Details on prices for each product can be found on https://www.edqm.eu/store (click on Catalogue). Booksellers receive an additional discount to the above prices. This discount is applied automatically to all orders. For online orders, the discount is only applied when you validate. Should this discount be missing, please contact us via our Helpdesk.

Order handling charges
Regardless of geographical zone of dispatch, we will charge 20€ per volume and 60€ per subscription except for the 9th Edition for which we charge 27€ per subscription. These charges do not apply to online orders placed on our webstore.

AVAILABILITY

REFERENCE STANDARDS
You can consult our online databases:
- For CRS/BRP. Reference standards are generally available at the time of publication of the related monograph in the European Pharmacopoeia or, at the very latest, when the monograph comes into force.
- For ISA
- For ICRS
We reserve the right to limit the purchase quantities of a reference standard (i.e. 1 unit every 30/90 days) where stock levels are low so as many purchasers as possible will receive at least some of the limited quantities. Despite our best efforts, we may exceptionally run out of stock or have a delay in the availability of a recently established reference standard.
Order & Dispatch of EDQM products

Unavailability
If, for any reason, an item is unavailable when you place your order, we will create a back-order (except for products in limited quantities and some exceptional cases). We will automatically ship any back order that becomes available. Unavailable items are mentioned on the order confirmation. Their estimated availability date will be shown in the “Estimated availability” column.

PUBLICATIONS
The publication schedule:
- 9th Edition
- 10th Edition

All other publications are available unless otherwise indicated on our webstore https://www.edqm.eu/store.
You can order an EDQM publication which is not yet available. However, you will be invoiced as soon as we process your order and our credit terms will apply (payment within 30 days end of the month). As soon as the item is published we will send it to you.

ORDER HANDLING
Order Confirmation
Your order is normally registered within 2-3 working days. Once your order has been processed, we will acknowledge it by emailing you an order confirmation. The order is then dispatched subject to receiving all necessary documentation and authorisation that may be required.

Queries/Incomplete orders
If we have any queries regarding your order or we need additional documentation to complete your request, we will register your order and then contact you by email or via our order confirmation. Therefore, please carefully read the texts in the comment box and on each article line of the order confirmation. When replying to us, please quote the reference given. The order will remain in our database for one month. However if the EDQM does not receive a reply within one month, it will be cancelled.

Problems linked to customer account
If an account is blocked due to unpaid invoices or if the credit terms are exceeded, no new orders will be processed. Our Accounts Payable Section will contact you in order to solve this issue. Only once the account is settled we will process the outstanding orders.

Lost orders
If within 5 working days you have not received your order confirmation, please contact us via the HelpDesk. Please do not send duplicates of your orders without clearly mentioning it is a copy/duplicate. Otherwise, it may be processed as a new order and you will be financially responsible for the duplication.

CANCELLING OR MODIFYING YOUR ORDER
If you need to amend or cancel your order, please send an email immediately (and no later than 24 hours after we have sent the order confirmation) to orders@edqm.eu. Please include in the subject line of your message our EDQM order reference number (as indicated in our order confirmation).

To benefit from free handling charges (only proposed on the web), quotation issued via the store must be transformed into a formal order from the store itself.
The EDQM does not provide additional quotations, unless under exceptional circumstances.

PROFORMA INVOICE
Proforma invoices are exceptionally issued in the following cases:
- pre-payment required by the EDQM,
- requests to satisfy local regulations.
In this last case, please send us your official order and add a note to it to indicate that you need a proforma. If the order should not be dispatched before we receive your green light, please clearly mention it on your order.
